

Martiris Guzmán

Software Developer/IT Support

(+1) 829 552 6489
Higüey, Dominican Republic
martirisordenysqzuman@gmail.com

PROFILE

Computer Science student specializing in Full Stack Web Development with hands-on experience in React, Node.js, Express and relational/non-relational databases. Strong background in technical support, digital systems management and problem-solving. Passionate about building scalable web applications and continuously improving technical skills through real-world projects and certifications.

PROFESSIONAL EXPERIENCE

UTESA – Higüey
ICT Enabler | April 2025 – August 2025
I provided technical and pedagogical support in the use of educational technologies. I developed workshops on digital tools and innovative strategies for teaching-learning.

Gregorio Luperón Polytechnic – Higüey
Substitute Teacher (Computer Science) | May 2024 – June 2024
Delivered computer science and office automation classes to secondary-level students. Strengthened students' digital skills and promoted responsible use of ICT tools. Developed structured lesson plans aligned with digital competency standards.

Gregorio Luperón Polytechnic – Higüey
Digitador | August 2023 – September 2024
Responsible for the registration and management of academic and administrative information. I maintained accuracy in data entry, optimized archiving processes and ensured the confidentiality of institutional documents.
